

**MILWAUKEE**

Wisconsin Area Health Education Center

## Fanaye Turner

Former Executive Director, 2005 - 2011  
Milwaukee Area Health Education Center

---

### What are some of your memorable moments with Milwaukee AHEC?

Milwaukee AHEC's mission to serve as a catalyst for change by meeting the health care needs of the community through tapping into a culturally and socioeconomically diverse student population is exemplary.

Serving as the Executive Director of Milwaukee AHEC was a great opportunity to collaborate with community partners, dedicated staff, culturally diverse bright and eager students and their supportive families to open the door to health care careers.

The most memorable moments were meeting with students in the numerous programs and hearing their dreams and aspirations. The celebrations of student accomplishments where students, their families, community partners, the dedicated staff and the volunteer Board came together to acknowledge everyone's hard work was touching and rewarding.
