Community Health Worker Training Program, 2021

What are some of your memorable moments with Milwaukee AHEC?

“Prior to taking the Community Health Worker Training, I knew I did more than my title in my community. I knew I poured my heart into the people I served and the goal was more than to help them be self-sufficient. The goal was to uplift the neighborhood one household at a time.

I appreciate Milwaukee AHEC for opening my mind to “Who is a CHW” and “What a CHW does”. I now know I am a Community Health Worker and I am proud of that.”
